

QUIET HIDEAWAY

DESIGNED BY: **ELIZABETH RUFFALO,**
PHEASANT LANE DESIGNS
LOCATION: **ALLENDALE**

Formerly, this space was designer Elizabeth Ruffalo's unfinished attic. She transformed the loft into an open floor plan that allowed her to work while doing laundry and keeping tabs on her napping baby down the hall. Furnishings include a reclaimed pine desk with matte black hardware, ladder-style shelves, modern Roman window shades in natural woven fabric, woven storage baskets, a "deconstructed" side chair and family heirlooms and photos. The prints on the rug and pillow are also fresh takes on traditional styles. >
